SPECIAL AGENCY, Tribune Building Chicago Representative, CHARLES A. BARNARD, Boyce Building.

TUESDAY, MARCH 3, 1908.

What Has Happened in Kentucky? Mr. Bryan regards the election of William O. Bradley as United States Senator from Kentucky as a "great misfortune" to the Democratic party. That, every effort to compromise on another can- work he has done. didate, finally voted for Bradley. Those | Accepting the statements of President had used his power to place in the United ceedings at Washington!

ed. He would consent to no compromise, hauled down and furled. though it was clearly demonstrated that if he withdrew a Democratic Senator could be chosen. Beckham's plan was to honor to his name! deadlook the legislature until adjournment and make another Senatorial campaign. His enemies and many of his friends felt that such a campaign would should redistrict the State, that party would be able to continue in power indefinitely. It was reasoned that, from a purely partisan standpoint, it would be well to get rid of Beckham. As one have resulted disastrously to the party.

mocracy." Should that prophecy prove true, the election of Bradley may be a hollow victory for the Republicans.

no doubt, have joined the prohibition lost." party," says the San Antonio Express. It This last strikes us as a good idea. The dower expresses the opinion that he "can of governmental administration is a very call up spirits from the vasty deep."

Mr. Ogden's Mistake.

date we find the following item:

"Robert C. Ogden, speaking last night at the din-ner of the University of Georgia Society, at the they were made possible by the "inertia sons, the rent for these rooms will be when it comes. The protected indus-Hotel St. Regis, in New York, declared himself in of Congress." In other words, to enlarge sons, the rent for these rooms will be working for their own infavor of national aid to education in the South. the application of these observations, the less than half that number of indiwork being carried on in the South, saying that in North Carolina alone there have been one thousand schools established in the last three years. But, said Mr. Ogden, there is still much illiterate in the sound be enough fever. They run through schools and factories are on the public business efficiently.

But, said Mr. Ogden, there is still much illiterate in the sound be enough fever. They run through schools and factories are on the public business efficiently.

Dalzells to drive Southern Democrats and fever. They run through schools and factories are found of the best stock that ever came to the power to protect themselves the State recommendation of the suffrage is suit.

Dalzells to drive Southern Democrats and factories and families. Folk who lead out to protect themselves the State recommendation of the suffrage is suit.

Dalzells to drive Southern Democrats and factories and families. Folk who lead out to protect themselves the State recommendation of the suffrage is suit. this country. I have become a full-fledged advocate of national aid to the education of the South."

in a number of sections thereof, and "some of it among descendants of some of the best stock that ever came to this country." This is largely true because of the South's poverty since the war, its sparsely settled condition and lack of railroad facilities, organized systems of education, and so forth. The South has recognized the very situation Mr. Ogden has been done in the past by certain of the expenditures committees, and it is

in its dire extremity-in this, and in other matters wherein it has received assistance. Many Southern States, as State affairs, have opened wide their treasuries for the furtherance of education; some of them giving as much as one-half their

help itself.

Mr. Ogden, however, fails woefully to comprehend Southern character if he believes it would welcome anything in the were provided for, the South would no just what they mean. doubt gladly accept such as belonged to it as part and parcel of the Union. Butassuming that it were constitutionally legislature to possible to aid the South to the exclusion of the other sections-we hesitate not one noment to say that Dixie would none\$1.80 per year of it; not for a moment.

The South is proud, sensitive, honorable. There is a way to approach it and feel assured of warm and courteous reception therein. There is another way that locks its gates with steel against be returned if unavailable, but stamps even intentionally friendly invasion. Mr. prove that Mr. Roosevelt should be sent with the manuscript for Ogden's proposition of "national aid for Boss at Washington at all! the education of the South," though it may have been conceived in all goodness newspaper, whether for the daily or the of heart, is still a proposition that will be never better; it appears healthy and stunday issue, should be addressed to met with nothing but coldness below strong; in fact, it isn't even ailing a little Mason and Dixon's line. And we venture New York Representative, SMITH-WILBERDING to assert that the great mass of average Americans everywhere will respect the South for its views-even though they may be rated "peculiar" by some.

So far, however, as Col, Henry Watterson is concerned, it is thought he will survive the shock of the Beckham machine wreck in Kentucky,
